UNIVERSITY of HOUSTON

Message from the President

December 17, 2020

Dear University of Houston Graduates,

Congratulations! Today, a promise you made to yourself has been brought to fruition. I hope that you are proud of your achievements, for which there are countless many. You have persevered through group projects, numerous exams, hurricanes and a pandemic. As a member of the Class of 2020, you demonstrated time and again that the solution to every challenge can be found in determination, hard work and a positive attitude.

Earning a degree is a long and winding journey that tests your intellect and your character, and a greater version of yourself – stronger, confident and capable – crosses that finish line. Many people supported and encouraged you along the way, and they were vital to propelling you to this ceremony. I am certain your parents, families and friends, and UH faculty, advisors and staff share in the joy and pride you feel at this moment.

Once you turn your tassel, you will no longer be a student; however, it is my sincere hope that you will continue to be a life-long learner. The lessons you gained in your years at UH will serve you well as you make your mark on the world as a proud and confident UH alumnus, ready and able to compete and to become leaders in your chosen careers.

With my best wishes for a bright and rewarding future, Go Coogs!

University of Houston History

The University of Houston was established as the Houston Junior College in 1927. As the college grew, it prospered and officially became the four-year University of Houston in 1934. Two years later, the college attained land for a permanent campus, and in 1939 it constructed its first building, the Roy G. Cullen Building. The University became a state institution in 1963.

The University includes 15 academic colleges, one school and the multidisciplinary Honors College that teach a wide array of subjects – from math, arts and engineering to law, pharmacy and business. What started as a campus with a single building has grown into a world-class university, offering more than 250 undergraduate and graduate programs to more than 44,000 students annually.

UH is a Carnegie-designated Tier One public research university, and its public service and community activities, such as cultural offerings, clinical services, policy studies and small business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the University's academic programs, providing students with professional expertise, practical experience and career opportunities.

In keeping with the University's commitment to excellence, UH raised the benchmark of academic achievement when Phi Beta Kappa, the nation's oldest and most prestigious academic honor society, awarded UH the approval to shelter a chapter in 2015. This designation welcomed UH to an elite group of the nation's most esteemed colleges and universities.

Commencement Traditions

Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hoods became a cape that could be pulled over the head during unpleasant weather.

As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelor's (apprentices of the arts), master's (teachers) and doctoral (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was first worn as a symbol of the master's degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

Ceremonial Symbols

THE SEAL

Throughout history, seals have been used to authenticate official documents. The University of Houston and UH System seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal — consisting of checkered chevrons denoting nobility — and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto “In Tempore,” meaning “In Time.” The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

UNIVERSITY MACE

The University Mace, which is carried in academic processions, is a staff symbolizing the University’s authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president’s symbol of authority.

THE ALMA MATER

All hail to thee,
Our Houston University.
Our hearts fill with gladness
When we think of thee.
We’ll always adore thee
Dear old varsity.
And to thy memory cherished,
True we’ll ever be.

President's Medallion

WILLIAM A. BROOKSHIRE

WILLIAM A. BROOKSHIRE, Ph.D., co-founder of S&B Engineers and Constructors, graduated from the University of Houston in 1957 with a bachelor's degree in chemical engineering. He later earned his master's degree and doctoral degree from Louisiana State University. Based in Houston, his company grew to employ 7,500 people around the world.

After he graduated from UH, Dr. Brookshire remained loyal to his University. His efforts helped the Cullen College of Engineering excel as an internationally recognized hub of research activity in the fields of chemical and biomolecular engineering. In recognition of his lifelong support, personal, and career accomplishments, he received the UH Engineering

Alumni Association's Distinguished Engineering Alumni Award in 1989 and the UH Engineering Alumni Association's Lifetime Achievement Award in 2019. Though he passed away in 2017, his continued philanthropic impact on the educational excellence of UH faculty, students and researchers remains significant.

The first in his family to earn a high school diploma and discouraged from attending college, Dr. Brookshire pursued his degree at UH while working full-time during the day and attending classes at night. Because of this experience, he worked tirelessly to help others facing similar challenges and barriers to higher education. His support has funded more than 600, and counting, undergraduate engineering scholarships to ease the financial burdens of working students, and later, an emergency fund for engineering students facing economic hardship.

Most recently, Dr. Brookshire provided a transformational gift to the Department of Chemical & Biomolecular Engineering at the Cullen College of Engineering. The gift establishes two endowed chairs and four professorships, provides graduate student fellowships, and invests in department research initiatives. In recognition of this gift, the department has been named the William A. Brookshire Department of Chemical and Biomolecular Engineering.

The President's Medallion is awarded at the sole discretion of the President to individuals or organizations that have distinguished themselves by their support of the University of Houston.

President's Medallion

THE JOHN M. O'QUINN FOUNDATION

A well-known attorney and philanthropist, John M. O'Quinn (1941-2009) was a University of Houston Law Center alumnus. Appointed by Governor Ann Richards, O'Quinn served on the UH System Board of Regents from 1993 to 1999, holding the office of vice chairman from 1994-1996. O'Quinn was named a UH Distinguished Alumni in 1993 and by the UH Law Center in 1996. His legacy lives on through the O'Quinn Law Library and John M. O'Quinn Field at TDECU Stadium.

O'Quinn established The John M. O'Quinn Foundation in 1986, and upon his death in 2009, O'Quinn willed his entire estate to the Foundation. The Foundation focuses on Houston and its surrounding areas for conservation, education, health and programs benefitting underprivileged youth. The Foundation's Board of Trustees includes

President Robert C. Wilson III, Vice President David A. Ott, M.D., Treasurer Michael J. Lowenberg, Secretary Anette Edens, Ph.D., Trustee W. Jeffrey Paine, and Trustee Emeritus Corbin J. Robertson, III.

For more than three decades, The John M. O'Quinn Foundation has served as one of UH's most generous financial benefactors. Over the years, he made numerous gifts, including significant donations to the UH Library and to the Cougar Marching Band. Throughout his life, O'Quinn maintained his personal commitment to making UH a better institution.

Most recently, a \$3.5 million grant from The John M. O'Quinn Foundation provided full four-year scholarships to one-third of the new College of Medicine's second-year class of 30 students. The grant will also fund startup costs, faculty hires, labs and a household-centered health care program for underserved communities. And, the Foundation has contributed more than \$16 million to the UH Law Center; the new state-of-the-art facility will bear his name as the John M. O'Quinn Law Building.

The President's Medallion is awarded at the sole discretion of the President to individuals or organizations that have distinguished themselves by their support of the University of Houston.

Honorary Degree

MARVIN E. ODUM III

MARVIN E. ODUM III was a co-chair of the University of Houston's \$1 billion "Here, We Go" Campaign and is a member of the Board of Visitors. He previously served on the Energy Advisory Board and several other university volunteer leadership boards. He is a member of the Council on Foreign Relations; board member of the National Urban League; Dean's Council member of the Harvard Kennedy School of Government and Board of Visitors member of the M.D. Anderson Cancer Center University Cancer Foundation.

Odum is the chief executive officer of 816 Group, the holding company for his collection of start-up companies. After the devastation of Hurricane Harvey, Odum was appointed as the chief recovery officer by Houston Mayor Sylvester

Turner, serving until November 2018. Most recently, Mayor Turner named Odum as Houston's COVID-19 Relief and Recovery Czar.

Previously, Odum served as chairman and president of Shell Oil Company until April 2016 and concurrently as executive committee director for Royal Dutch Shell plc from July 1, 2009. He joined Shell as an engineer in 1982 and held a variety of management positions in technical and commercial operations across multiple business areas, including chief executive officer at InterGen, Inc; executive vice president for Exploration and Productions in the Americas; and director of Americas Shell Gas and Power. Additionally, he was chairman of the board of Aera Energy from 2005 to 2009 and Chairman of the Board of Shell Canada Ltd from 2009 to 2014.

He and his wife Mariloli are members of the Ezekiel W. Cullen Society and are generous supporters of student scholarships.

Odum earned a master's degree in business administration from the University of Houston and a bachelor of science in mechanical engineering from the University of Texas.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.

Honorary Degree

RICHARD G. RAWSON

RICHARD G. RAWSON is a distinguished alumnus of the C.T. Bauer College of Business at the University of Houston, with a bachelor's degree in business administration, majoring in finance. Rawson's extensive involvement with UH includes serving on the executive committee of the \$1 billion "Here, We Go" Campaign and the Dean's Advisory Board for the Bauer College. He also served on the Board of Visitors from 2013 to 2018 and the Board of Visitors Power Athletic Task Force from 2016 to 2018.

He and his wife, Dawn, have been generous contributors to student scholarships in the College of Education and a \$1 million endowment to help kick off the Bauer Excellence Scholarship Initiative.

For more than 28 years, Rawson served as an executive officer of Insuperity Inc., and he currently serves as a member of Insuperity's board of directors. Prior to his retirement as president in 2018, Rawson led the company's gross profit enhancement division and managed the company's relationships with insurance carriers. In his early career, he served as a senior financial officer and controller for several companies in the manufacturing and seismic data processing industries.

Due to his efforts, Insuperity has been an invaluable partner to the C.T. Bauer College of Business via the Professional Program in Selling and a business skills certification program that is unique in the Professional Employment Organizations industry. Among other donations, Insuperity has given \$8 million for the naming of the Insuperity Center, which houses graduate classrooms, meeting spaces and program offices.

In addition to being an Ezekiel W. Cullen Society Member, Rawson is a recipient of the UH Cougar 100 Award for 2014, 2015, 2016 and 2017. He is also a recipient of the UH Alumni Association Distinguished Alumni Award for 2013, and received the Bauer Star Flag in May 2005.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.

Commencement Speaker

CARL LEWIS

During his career Carl Lewis won nine Olympic gold medals, attended four Olympic Games, earning himself international respect and a place in history as one of the truly great athletes of all time.

Giving Back

An activist for family, youth, education, wellness and fitness, Carl Lewis brings his international celebrity to attract awareness for the challenges and opportunities surrounding these issues around the world.

Athlete of the Century

During his career as an Olympic athlete, Carl Lewis was part of five American Olympic Teams, winning 10 medals, nine of them gold. With unsurpassed talent in the long jump and his speed in the sprints, he has gone places where no other track and field athlete has ever visited. His five Olympic appearances are a record for a male athlete, and many of his Olympic performances were in world or Olympic record time. His impressive track and field performances earned him the title of “Athlete of the Century.”

Going the Distance For Those in Need

Since his retirement from active competition in 1997, Carl Lewis has devoted a great deal of his time and energy to charity, founding “The Carl Lewis Foundation,” which serves as an umbrella for the many charities that Lewis supports including the “Best Buddies” organization, The Wendy Marx Foundation (for organ donor awareness), Ronald McDonald House Charities and many youth fitness groups. Carl Lewis is also a United Nations Ambassador for the Food and Agricultural Organization and a coach at the University of Houston.

Academic Honors

Academic honors are based on the requirements of the catalog year students entered the University. The final designation for honors is determined by the Provost's Office upon final completion of all degree requirements.

Undergraduate students will graduate with the stated academic honors if they achieve the following grade point averages earned in the last 54 hours completed at the University of Houston.

3.90 TO 4.0 Summa Cum Laude (with Highest Honors)

3.70 TO 3.89 Magna Cum Laude (with High Honors)

3.50 TO 3.69 Cum Laude (with Honors)

The roster of graduates and candidates for graduation does not include the names of those students who chose to withhold information under the Federal Education Rights and Privacy Act.

THE HONORS COLLEGE

The Honors College Honors

The Honors College at the University of Houston offers students special opportunities to develop their academic abilities. Below are the Honors College designations.

University Honors and University Honors with Honors in Major

Students who complete the Honors College curriculum (36 hours) graduate with University Honors. If students also complete a senior honors thesis, they graduate with University Honors with Honors in Major.

Collegiate Honors and Collegiate Honors with Honors in Major

Students who fulfill the requirements for the honors program in the college of their major, including 21 hours of honors courses; who complete an Honors College minor, or who complete 21 hours of approved honors courses. If students also complete a senior honors thesis, they graduate with Collegiate Honors with Honors in Major.

Membership in The Honors College and Membership in The Honors College with Honors in Major

Students who affiliate with the Honors College during their undergraduate years and complete fewer than 21 hours of honors courses. If students also complete a senior honors thesis and fulfill the requirements of their major with distinction, they graduate with Membership in The Honors College with Honors in Major.

Honors in Major

Students who complete a senior honors thesis but are not members of the Honors College.

Ayse Genc

Ablation of Retbindin, the Riboflavin Binding Protein, Exacerbates Retinal Degenerative Phenotypes in Mouse Models of Human Retinal Diseases
ADVISOR: Dr. Muna I. Naash

Claire Holley

Fabrication and Optimization of Dp44mT-loaded Polymeric Nanoparticles for Treatment of Malignant Cells
ADVISOR: Dr. Sheereen Majd

Rihui Li

Cortical Reorganization Characterization Using Multimodal EEG-FNIRS Integration Analysis
ADVISOR: Dr. Yingchun Zhang

Gwen Musial

Longitudinal Evaluation of Retinal Capillaries in Experimental Glaucoma
ADVISOR: Dr. Jason Porter

Musa Ozturk

Pharmacological and Electroceutical Modulations of Local Field Potentials in Parkinson's Disease
ADVISOR: Dr. Nuri Ince

Thomas Potter

Navigating a Strange World: the Use of Unimodal and Novel Multimodal Neuroimaging to Investigate of Brain-Environment Interactions
ADVISOR: Dr. Yingchun Zhang

Raksha Raghunathan

Assessing Teratogen-Induced Changes in Murine Fetal Brain Vasculature Using In Utero Optical Coherence Tomography
ADVISOR: Dr. Kirill Larin

Tirthankar Sinha

Riboflavin and the Riboflavin Binding Protein, Retbindin, are Essential for the Metabolic Homeostasis of the Retina
ADVISORS: Dr. Muna Naash and Dr. Muayyad Al-Ubaidi

Kian Torabian

Microfluidic Devices for the Diagnosis, Monitoring, and Filtration of Red Blood Cells with Membrane Pathologies
ADVISOR: Dr. Sergey Shevkopyas

DOCTOR OF PHILOSOPHY IN CHEMICAL ENGINEERING

Aseem Chawla

Controlling Microporous and Mesoporous Domains in Zeolite Crystallization
ADVISOR: Dr. Jeffrey D. Rimer

Ya Ming Chen

Nearly Monoenergetic Positive Ion Beam with Self-Neutralized Space Charge Extracted from a Pulsed Plasma and Its Application
ADVISORS: Dr. Vincent M. Donnelly and Dr. Demetre J. Economou

Emilia Hirsch

In-Plasma Photo-Assisted Etching of Silicon in a High-Density Chlorine Discharge
ADVISORS: Dr. Vincent M. Donnelly and Dr. Demetre J. Economou

Tam Quang Nguyen

Investigation of Atmospheric Pressure Plasma Jet Properties and Operations in Ambient Air
ADVISORS: Dr. Vincent M. Donnelly and Dr. Demetre J. Economou

Yunwen Zhou

Engineering Zeolite Catalysts with Improved Performance for Aromatics Production
ADVISOR: Dr. Jeffrey D. Rimer

DOCTOR OF PHILOSOPHY IN CIVIL ENGINEERING

Sai Anudeep Reddy Maddi

Characterizing, Testing and Modeling of Highly Sensing Smart Spacer Fluid, Smart Cement and Smart Orthopedic Cast Material for Multiple Applications
ADVISOR: Dr. Cumaraswamy Vipulanandan

DOCTOR OF PHILOSOPHY IN ELECTRICAL ENGINEERING

Reginald Banez

Mean Field Game Theory for Future Heterogeneous and Hierarchical Communication Networks
ADVISOR: Dr. Zhu Han

Qingjun Fan

Design and Calibration of Power-Efficient High-Speed SAR-Based ADCs
ADVISOR: Dr. Jinghong Chen

Shilei Jiao

Novel Control Algorithms for Power Quality Improvement using Four-leg Converter

ADVISOR: Dr. Kaushik Rajashekara

Jiabing Li

Segmenting Continuous but Sparsely-Labeled Structures in Super-Resolution Microscopy Using Localization-Reinforced Perceptual Grouping (LRPG)

ADVISOR: Dr. David Mayerich

Sho Nakagome

A Non-Invasive Brain Computer Interface (BCI) Decoder for Gait

ADVISOR: Dr. Jose L. Contreras-Vidal

Andrew Paek

Decoding Hand Produced Grip Events from Noninvasive Scalp Electroencephalography

ADVISOR: Dr. Jose L. Contreras-Vidal

Shihao Ran

Deep Learning and Phase Retrieval for Chemical Holographic Imaging: System Inverse Modeling and Sample Property Prediction

ADVISORS: Dr. Rohith Reddy and Dr. David Mayerich

Anindya Ray

HVDC Power Distribution and Protection Architectures for Subsea Electrical Systems

ADVISOR: Dr. Kaushik Rajashekara

Kuo Chun Tsai

Link Game Theory and Machine Learning in Theories and Applications

ADVISOR: Dr. Zhu Han

Zhichao Wang

Model Validation and Inversion of Active Implantable Medical Devices

ADVISOR: Dr. Ji Chen

Rui Yang

Effective Methods to Reduce the RF-induced Heating for Medical Implants in MRI

ADVISOR: Dr. Ji Chen

Mengping Yu

3D Finite-difference Based Electromagnetic Modeling Multidisciplinary Applications

ADVISOR: Dr. Ji Chen

DOCTOR OF PHILOSOPHY IN ENVIRONMENTAL ENGINEERING

Yifei Wang

Pilot- and Lab-scale Experiments for Characterizing NAPL Source and Dissolved Plume Characteristics following Releases of Ethanol-Blended Fuels

ADVISOR: Dr. William G. Rixey

DOCTOR OF PHILOSOPHY IN INDUSTRIAL ENGINEERING

Anahita Molavi

Designing Smart Ports by Integrating Sustainable Infrastructure and Economic Incentives

ADVISOR: Dr. Gino J. Lim

Amirhossein Najjarbashi

Stochastic Models for the Operating Room Scheduling Problem under Uncertainty

ADVISOR: Dr. Gino J. Lim

DOCTOR OF PHILOSOPHY IN MATERIALS SCIENCE AND ENGINEERING

Hoang Nguyen

Optical Devices and Magnetic Nanomaterials for Water Quality Control and Biomedical Applications

ADVISOR: Dr. Wei-Chuan Shih

Guru Prasad Panda

Real-Time Monitoring and Characterization of Smart Cement and Soil With Polymer Modification to Control Gas Leakage and Corrosion

ADVISOR: Dr. Cumaraswamy Vipulanandan

Sara Pouladi

High-Efficiency Flexible Thin-Film Single-Crystal-Like GaAs Solar Cells Based on Cheap Metal Tape

ADVISOR: Dr. Jae-Hyun Ryou

Jialin Qiu

Thermodynamic Interactions in Polydiene/Polyolefin Blends

ADVISORS: Dr. Megan Robertson and Dr. Ramanan Krishnamoorti

Sicong Sun

Ion Beam Assisted Deposition of biaxially-textured thin films for energy applications

ADVISOR: Dr. Venkat Selvamanickam

Best Ph.D. Dissertation Award – Spring and Summer 2020 Graduates

This semester, we have two first place winners of the outstanding dissertation award.

A plaque and a check for \$1,000 will be given to the following two individuals:

Aseem Chawla

Ph.D. in Chemical Engineering, Spring 2020

DISSERTATION TITLE: Controlling Microporous and Mesoporous Domains in Zeolite Crystallization

DISSERTATION ADVISOR: Dr. Jeffrey Rimer

Musa Ozturk

Ph.D. in Biomedical Engineering, Spring 2020

DISSERTATION TITLE: Pharmacological and Electroceutical Modulations of Local Field Potentials in Parkinson's Disease

DISSERTATION ADVISOR: Dr. Nuri Ince

UNIVERSITY of HOUSTON

CONRAD N. HILTON COLLEGE

Spring 2020 – Graduates

DOCTOR OF PHILOSOPHY IN HOSPITALITY ADMINISTRATION
