Message from the President

Dear University of Houston Graduates,

Congratulations on receiving your college degree. Today, your longtime dream becomes a reality, and I join your family and friends in celebrating this milestone with you. I am a big believer in the power of dreams and resiliency. To graduate from college, despite the challenges of the past few years, is a testament to your unwavering commitment and ability to dream big.

Whether you're the first in your family to graduate from college or hail from collegiate scholars, your hard work and determination have brought you to this milestone. You are a generation who faced a global pandemic yet stayed focused on your studies and goals. You excelled against the odds, and this adversity has prepared you to face the professional world with more grit than any generation before. I applaud you for all that you have achieved.

Please take time to thank your professors, advisors, family and friends who supported you on this journey. It takes community to accomplish your goals, and I ask that you stay humble and give back to those in need as you go on to even greater heights.

You have received a Tier One education from the University of Houston. This is the home of industry leaders, nationally top-ranked academic programs, world-renowned faculty, an NCAA Final Four basketball team, cutting-edge research and so much more. I know in my heart that you are now ready to compete and become leaders in your chosen careers. Now, work hard, dream big and shine on.

Go Coogs!

Warmest regards,

Message from the Provost

Dear Fall Graduates,

You've traveled a long road to reach this moment, but here you are! Congratulations on earning a degree from the University of Houston.

Whether you're the first in your family to graduate from college or perhaps a second-generation Cougar, today's ceremony marks a significant moment in your lives. It's also special for the University of Houston as your success has been our priority since you first stepped foot on campus.

Now, you embark on new journeys. Some of you may be entering the workforce. Others may be headed to graduate school. No matter your destination, please remember those who helped you get to this point.

Stay in touch with peers, professors and staff members and remind them that their guidance supported your academic journeys. Also, thank your spouses, siblings, parents, grandparents and others in attendance today for their daily inspiration.

Of course, be sure to truly recognize the one person responsible for today's celebration—you! You balanced classes, work, family and other obligations. It wasn't easy, but you did it. Now, you are poised to reap the rewards of a degree from UH.

Although you are leaving this wonderful campus, you will remain a member of our University family. You now carry the proud tradition of past UH graduates and will represent our institution in your professional endeavors. Be proud of your time here, and let others know that you are now and forever a Cougar.

Once again, congratulations!

Sincerely,

A handwritten signature in black ink, appearing to read 'Diane Z. Chase', with a long, sweeping flourish extending to the right.

University of Houston History

The University of Houston was established as the Houston Junior College in 1927. As the college grew, it prospered and officially became the four-year University of Houston in 1934. Two years later, the college attained land for a permanent campus, and in 1939 it constructed its first building, the Roy G. Cullen Building. The University became a state institution in 1963.

The University includes 14 academic colleges, one school, and the multidisciplinary Honors College that teach a wide array of subjects – from math, arts and engineering to law, pharmacy and business. What started as a campus with a single building has grown into a world-class university, offering more than 270 undergraduate and graduate programs to more than 46,000 students annually.

UH is a Carnegie-designated Tier One public research university, and its public service and community activities, such as cultural offerings, clinical services, policy studies and small business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the University's academic programs, providing students with professional expertise, practical experience and career opportunities.

In keeping with the University's commitment to excellence, UH raised the benchmark of academic achievement when Phi Beta Kappa, the nation's oldest and most prestigious academic honor society, awarded UH the approval to start a chapter in 2015. This designation welcomed UH to an elite group of the nation's most esteemed colleges and universities.

Commencement Traditions

Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hoods became a cape that could be pulled over the head during unpleasant weather.

As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelor's (apprentices of the arts), master's (teachers) and doctoral (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was first worn as a symbol of the master's degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

Ceremonial Symbols

THE SEAL

Throughout history, seals have been used to authenticate official documents. The University of Houston and UH System seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal — consisting of checkered chevrons denoting nobility — and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto “In Tempore,” meaning “In Time.” The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

UNIVERSITY MACE

The University Mace, which is carried in academic processions, is a staff symbolizing the University’s authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president’s symbol of authority.

THE ALMA MATER

All hail to thee,
Our Houston University.
Our hearts fill with gladness
When we think of thee.
We’ll always adore thee
Dear old varsity.
And to thy memory cherished,
True we’ll ever be.

President's Medallion

THE HONORABLE SYLVESTER TURNER

Mayor of the City of Houston

SYLVESTER TURNER is the 62nd mayor of Houston, a position he has held since 2016. Born and raised as one of nine children in the Acres Homes community of northwest Houston, Turner was a natural-born leader. During high school, he was president of Student Council, a member of the science, chess and Mu Alpha Theta clubs, and class valedictorian. He earned his bachelor's degree in political science from the University of Houston in 1977 and graduated from Harvard Law School in 1980.

Since taking office, Turner has passed seven balanced budgets, led the city's remarkable rebound from Hurricane Harvey, championed historic pension reform, created the Hire Houston Youth program and launched Houston's first Climate Action Plan – a comprehensive strategy for Houston to lead the global energy transition. One of Turner's signature priorities is Complete Communities – an initiative to revitalize and improve Houston's most underserved neighborhoods. In complement of the initiative, in 2018 he announced a \$30 million joint agreement with Harris County to transform seven streets around UH and Texas Southern University.

Before becoming mayor, Turner served for 27 years in the Texas House as the representative for District 139. During his tenure, he served on the House Appropriations Committee, Legislative Budget Board, as Speaker Pro Tem and on several budget conference committees.

Turner has received numerous honors including the Ohtli Award, the Mexican government's highest honor; Rice Kinder Institute's Stephen L. Klineberg Award; the United States Conference of Mayors Local Arts Leadership Award; and the President Bush Medal for Empowerment of People with Disabilities, among others.

He's been a proud and vocal supporter of UH, recognizing its symbiotic relationship with the city. For his unwavering dedication and service, Turner has been awarded UH's Distinguished Alumni Award, the Elected Public Official of the Year award and its Pioneer of Public Service Award. The Sylvester Turner Academic Distinction Scholarship and the Sylvester Turner Scholarship Endowment Fund within the College of Liberal Arts and Social Sciences were established in his honor.

The President's Medallion is awarded at the sole discretion of the President to individuals and organizations that have distinguished themselves by their support of the University of Houston and the community.

Message from the Dean

Dear Fall 2023 Graduates,

I am thrilled to congratulate the first class of fall graduates during my tenure as the Dean of the Honors College. You are a group of highly motivated and talented individuals, and we celebrate your tremendous accomplishments.

We know, as you do, that teamwork and collaboration make your impressive achievements possible. I hope that you view the faculty, staff and fellow students of the Honors College as members of your team — cheering you on as you begin your careers or continue your studies in graduate or professional programs. We know that you are well prepared to lead in your chosen field and will continue to contribute solutions to the grand challenges that we face.

During your time with us, the Honors College has challenged you to ask big questions in the Human Situation and in your upper division courses. You've been guided to go beyond the classroom and take part in the many offerings in research or service learning. You have been encouraged to find your place in this community and be bold in action to make UH, the Honors College and Houston a better place. You are not in the same place you were when you began this journey. I urge to you to take stock of how far you've come since your first Human Situation lecture. Keep exploring and engaging with big ideas in your next chapter, whatever that may be.

Although you're graduating, the Honors College will always be a part of you. I encourage you to keep in touch and share your personal and professional experiences with us. We take pride in your achievements. I also hope that you will give back to support future Honors College scholars. Continued support from alumni and friends is essential to the success and growth of the Honors College and the generations of students that will come behind you.
