

UNIVERSITY of HOUSTON
THE HONORS COLLEGE

Smithsonian Internship 2020 in Washington, D.C.

Be open and we promise an unforgettable experience.

With 17 museums, research centers and the National Zoo, the Smithsonian Institute, the largest museum system in the world, touches every aspect of the human experience. Its mission focuses on four Grand Challenges: To unlock the mysteries of the universe, to understand and sustain a bio-diverse planet, to explore world cultures and to understand the American experience.

Ten UH students will be matched with a mentor and placed in five-week individual internships. In the past these have included The National Zoo, The Smithsonian Science Center, Museums of African Art and Natural History, as well as internships on the business side of the Smithsonian, in patents, law, accounting and privacy.

Housed in the Honors College, the internship is open to all majors and UH students. The experience will challenge your understanding of complex issues in science, history, the arts and culture, as you explore and experience Washington, D.C.

Students will present their research at the UH Undergraduate Research Day in spring 2021.

May 11–June 12

Apply at thehonorscollege.com/smithsonianapp. Deadline is 5 p.m., Friday, January 31, 2020.
