The University of Houston is the doctoral degree-granting and largest university of the University of Houston System, a public system of higher education that includes three other universities (UH-Clear Lake, UH-Downtown, and UH-Victoria). The established teaching centers are UH Sugar Land, UH System at Cinco Ranch, UH-Clear Lake Pearland and UH Northwest. In addition, UH offers several program components through facilities at the Texas Medical Center.

Student & Exchange Visitor Information System (SEVIS) Report

What is SEVIS?

The Student and Exchange Visitor Information System (SEVIS) is a U.S. government internet-based system that tracks current information on non-immigrant students (F and M visas), exchange visitors (J visa), and their dependents (F-2, M-2, and J-2). SEVIS allows schools and program sponsors to transmit electronic information and event notifications via the internet to the Department of Homeland Security (DHS) and Department of State (DOS) throughout the student's/exchange visitor's stay in the United States. SEVIS reflects changes in international student or exchange visitor status, admission at the Port of Entry (POE), changes of address, changes in program of study, employment authorizations, and other events. Immigration forms I-20 (F visas) and DS-2019 (J visas) are also issued through SEVIS.

The International Student and Scholar Services Office (ISSSO) was responsible for maintaining records for **5137** F and J visa students, scholars, and their dependents for the Fall 2012 semester.

Non-Immigrant Enrollment Country of Origin Profiles Top 25 Ranked Countries of Origin at University of Houston

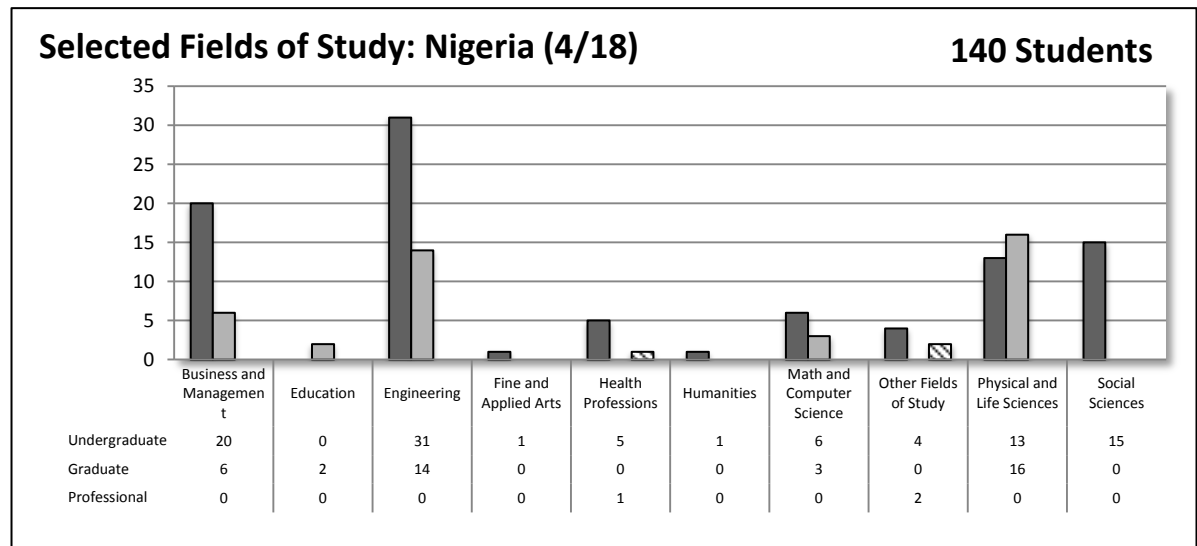

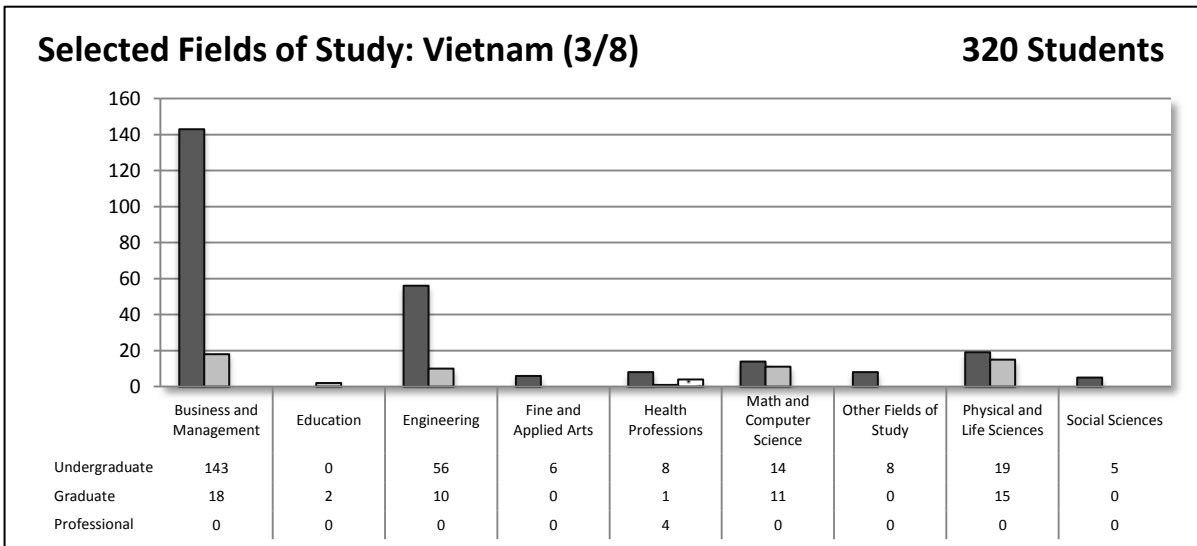

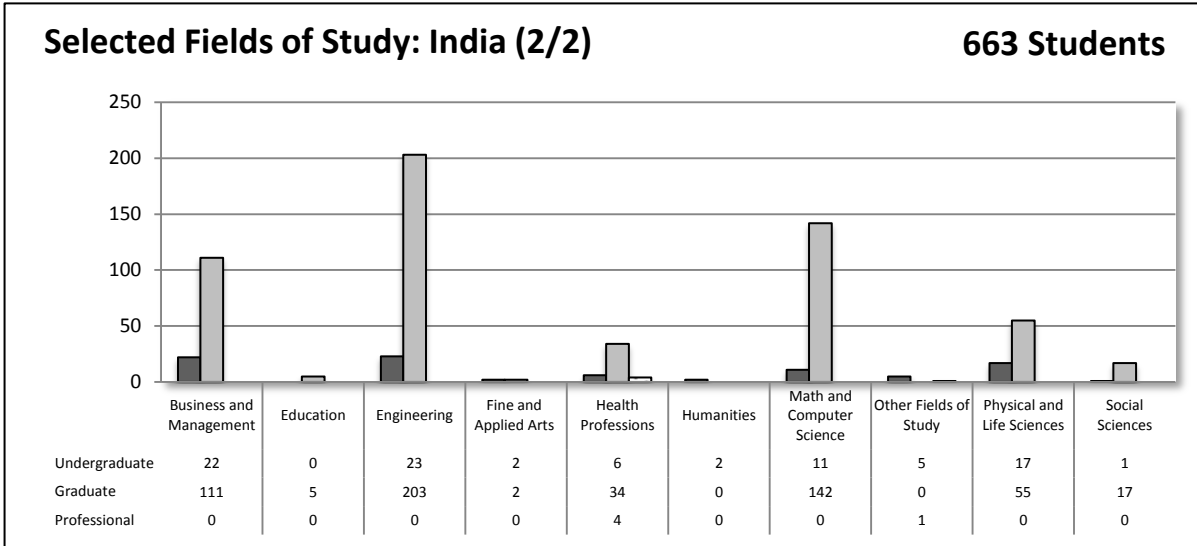

Profiles Summary

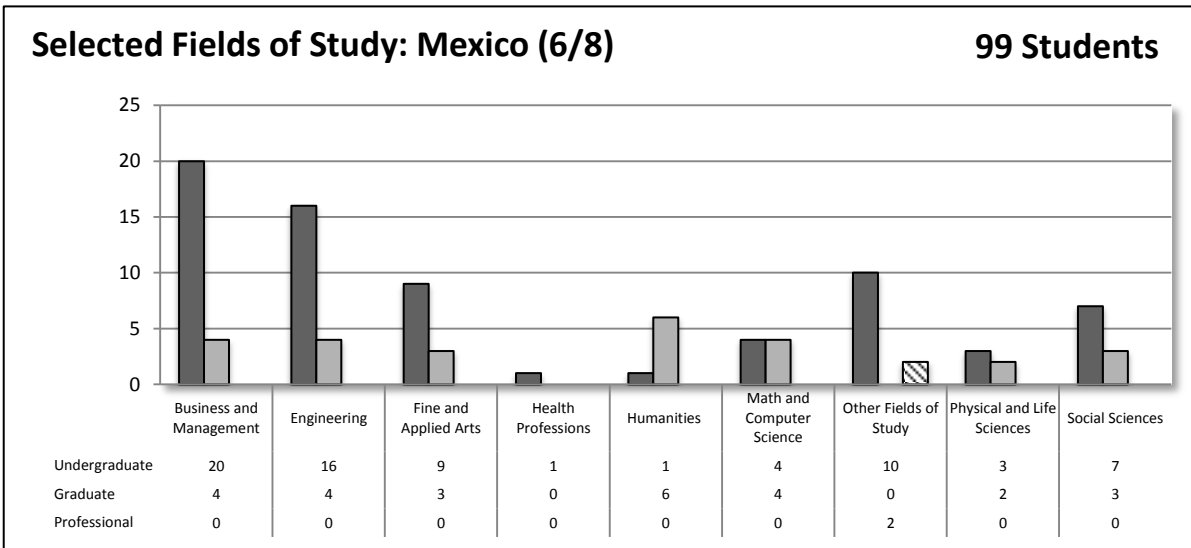

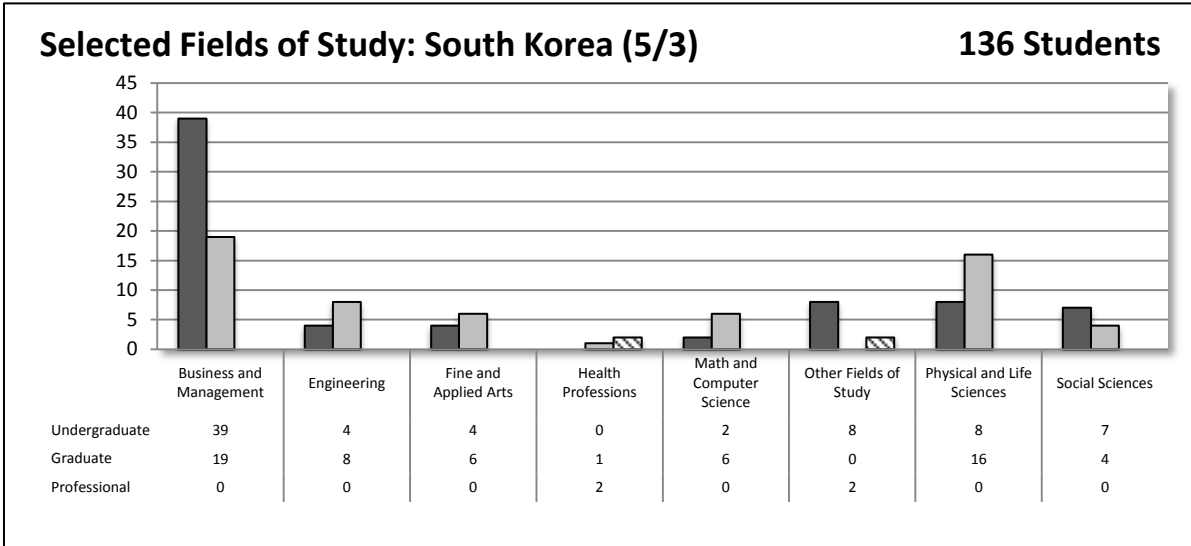

The following pages (23-31) contain graphics which depict non-immigrant enrollment counts by country of origin for the Fall 2012 semester at University of Houston. Each area chart identifies the total number of non-immigrants enrolled by field of study. Field of study designations were determined based on the Classification of Instructional Program (CIP) Code associated with the student's primary major for the Fall 2012 semester which may be under different UH colleges. The chart further identifies the percentage of non-immigrant enrollment per field of study by degree level. The three degree levels identified in the following charts are: undergraduate, graduate, and special programs. Undergraduate counts include non-immigrants classified as pursuing post-baccalaureate programs at University of Houston. Special program counts include non-immigrants pursuing degrees at UH in our professional programs: Architecture, Law, Optometry, and Pharmacy. Each country profile contains the total number of non-immigrants enrolled at UH from that country for the Fall 2012 semester. The charts also contain the total number of non-immigrants enrolled as well as the country's ranking at UH and nationally. The country of origin rank is notated next to the country's name in each chart as indicated in the example below:

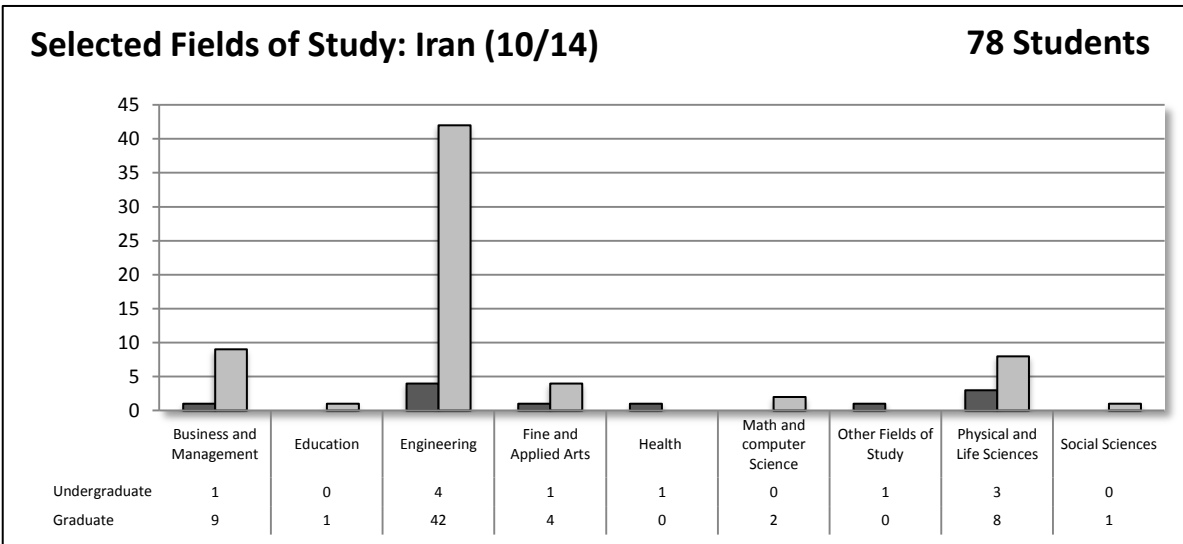

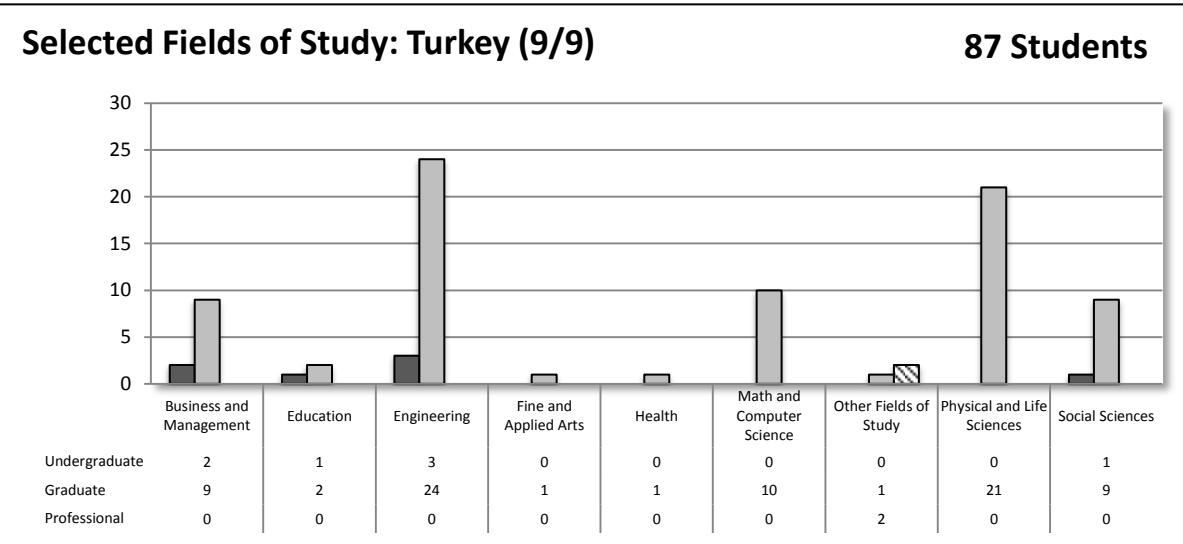

Country Name (UH Non-Immigrant Enrollment Ranking/U.S. National Ranking)

Countries not nationally ranked in the top 25 countries of origin are indicated in the charts with a dash (-) rather than ranking. National rankings are obtained from the *Open Doors 2011 Report* published by Institute of International Education (IIE) for the 2011-2012 school year.

F-1 Employment Statistics: Optional Practical Training (OPT)

Immediately following completion of their degree, most non-immigrant students on the F-1 visa have the option of pursuing a 12-month employment benefit. The student must apply with the United States Citizenship & Immigration Services (USCIS) to request permission to work. Upon approval, the student is authorized to accept employment inside the United States that is directly related to her/his major area of study for a specified time period. This time period is referred to as Optional Practical Training (OPT). Students graduating from certain science, technology, engineering, and mathematics (STEM) disciplines designated by the Department of Homeland Security may be eligible for an additional 17-month, once-in-a-lifetime, employment benefit after completing OPT. This employment benefit is referred to as a STEM Extension. 982 F-1 alumni from 81 different nations participated in Optional Practical Training during 2012.

Language & Culture Center Enrollment: Fall 2012

The Language and Culture Center (LCC) located on the University of Houston campus provides a unique setting in which international students can experience life at an American university, make new friends, and learn English as a Second Language (ESL) through a variety of courses designed to help them master language skills. Services are provided to these students by LCC staff. Since 1975, LCC has provided intensive English Instruction for international students who want to study at universities in the United States or improve their English language skills to meet personal and professional goals. LCC students may substitute successful completion of level six at LCC in lieu of TOEFL scores when applying for admission to UH. Students enrolled in LCC programs are not enrolled in degree-seeking courses at UH and are therefore not included in the international student enrollment figures indicated earlier in this report. During Fall 2012, international students from 44 nations participated in LCC programs.
