Minor in Creative Work / The Center for Creative Work
The Honors College at the University of Houston

Description and Rationale:

The Minor in Creative Work provides a multidisciplinary *art in context* program that integrates creative projects, critical study, and cultural research. Beginning with our foundation course, *HON 3310: Poetics and Performance*, students explore creativity in classes across the disciplines designed to bridge art, film, literature, theatre, and music with studies of culture, history, language, business, and society.

Though the Creative Work Minor is housed at The Honors College, the participation of non-Honors students is encouraged. The Honors College serves as a hub for academic and creative activities throughout the university. Partnership with various departments, disciplines and programs is at the very heart of the Creative Work Minor.

The Creative Writing Program, the Cynthia Woods Mitchell Center for the Arts, the Moores School of Music, and the School of Theater & Dance are just a few of the many supporters across campus for the Creative Work minor. Professors from various departments including Music, Political Science, and Philosophy have helped to shape this program of study.

Each year the Center for Creative Work will add at least ten new students into the Creative Work Minor. We have offered a version of the capstone course, *Writers and Their Regions*, twice in recent semesters, and have filled it above capacity both times. We will attract students not only from Honors College courses such as The Human Situation, but also from creative writing workshops and other studio arts classes throughout the university. The Creative Work Minor brings together dynamic courses from throughout the curriculum, allowing students to create a unique and compelling minor to accentuate their major area of study.

*HON 3310: Poetics and Performance* serves as the foundation for the Creative Work Minor. Students focus upon a particular study of aesthetics and ethics chosen by the professor and then develop an analytical and critical response, which may include a creative project.

Additional requirements include twelve semester hours from the approved electives list and a 4000 level capstone course, which may be *HON 4310: Writers and Their Regions*, *HON 4320: The City Dionysia*, *IART 4300: Collaboration Among the Arts*, or another 4000 level class approved by the minor program director. Up to six semester hours of approved electives may be satisfied by internship with a local arts organization or by a senior honors thesis with approval of the minor program director.
